

IEEE NEWCAS 2019

Munich, Germany, June 23 – 26

Call for Tutorials

CALL FOR TUTORIALS

The Organizing Committee of the 2019 IEEE International NEWCAS Conference invites proposals for tutorials, to be held on the first day of the conference, Sunday, June 23, 2019.

Each tutorial will be 3 hours long. Prospective tutorial speakers should submit proposals including no more than 3 pages, providing the following information:

- Title of the tutorial - up to 10 words
- Names and affiliations of the speakers
- Extended abstract including importance and timeliness of the topic - up to 500 words
- Table of content, as detailed as possible - up to one page
- List of references (books and/or journal papers) related to the topic and, if applicable, published by the speakers
- Brief biographies of the speakers, highlighting, if applicable, prior experience in delivering conference tutorials - 300 words maximum per biography

Proposals will be evaluated based on their merits, including the relevance and timeliness of the topic, and the qualifications of the speakers.

Important Dates:

Tutorial proposals due: **January 13, 2019**
Notification of acceptance: **February 25, 2019**
Complete set of tutorial slides: **May 17, 2019**

Proposals should be sent in either pdf or plain text format by January 13, 2019, to the Tutorial Co-Chairs:

Dominique Morche, CEA-Leti

Joachim Wegener, University of Regensburg

Shahriar Mirabbasi, University of British Columbia

Yann Deval, University of Bordeaux

via email to the following email address: tutorial-newcas19@fraunhofer.de

all questions regarding the tutorial proposals should be directed to the Tutorial Co-chairs.
