

Demonstrator Submission Form

The International IEEE NEW Circuits and Systems Conference (NEWCAS) is holding an **International Circuits and Systems Design Contest**. The goal is to encourage and highlight design-oriented approaches for future-oriented topics. The best proposals will be selected and accepted for demonstration/presentation at NEWCAS 2019. A session in the conference will be devoted to the Demonstrators during the Networking Reception. The best designs and demonstrations from industry and academia based on the on-site demonstration and presentation will be honored.

Send the completed form as well as images of your demonstrator to the Demonstrator Evaluation Committee:
